OPTIONAL Extra Suitcase Alert

An empty suitcase for all the kits and supplies from class may be helpful. You can bring your goodies home with you!

However, please check with your airline to determine the cost of having an extra suitcase when returning home. The cost of the extra suitcase may or may not be cheaper than shipping costs, which depends upon where you live and what you purchase. We will have the ability to pack boxes to ship via UPS for a nominal cost and that's another good option.

Again, don't worry if you're missing an item on this list. We will have extras in the sewing room for you to borrow or purchase to take home.

*Sewing machine products can be purchased from our partnering sewing machine dealer. Martha Pullen Company does not sell sewing machine related products such as sewing machine feet. We will, of course, have great notions, laces, extra kits and other goodies for sale!

Even if you are borrowing a machine, if you already own any of the accessory feet listed on the supply list for the machine you requested, please bring them with you. We will have a few extra feet in the sewing room for you to borrow. If you bring your own feet you will never have to wait on a foot to be available.
