

Supply List for The Gretchen Quilt© by Debby Kratovil

Materials:

Yardages are based on 42" wide fabrics. WOF refers to width of fabric.

- 1/2 yard EACH of at least four prints, though you may select more for variety
- 1/2 yard EACH of at least four solid reading fabrics (my quilt uses 6 colors)
- 1/4 yard for inner border
- 1-3/4 yard for outer border and binding

Cutting

From EACH of the four prints, cut:

- 1 strip, 6-7/8" x wof; crosscut into 5 squares 6-7/8" x 6-7/8"
- 2 strips, 3-7/8" x wof; crosscut into 13 squares 3-7/8" x 3-7/8"

From EACH of the four "solids", cut:

- 1 strip, 6-7/8" x wof; crosscut into 5 squares 6-7/8" x 6-7/8"
- 2 strips, 3-7/8" x wof; crosscut into 13 squares 3-7/8" x 3-7/8"

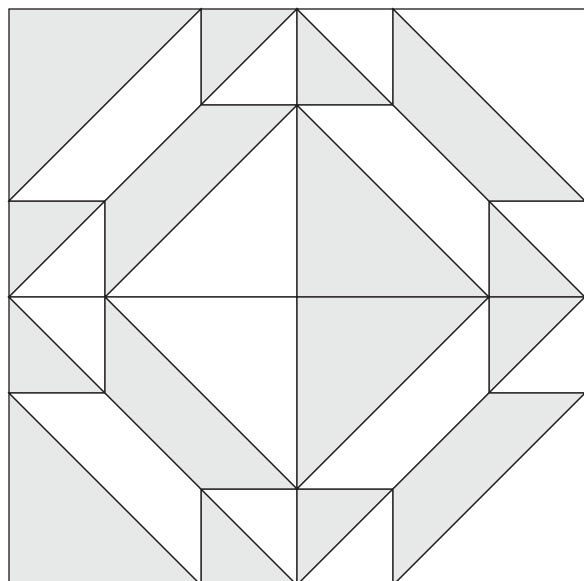

This 25 block quilt requires a total of 50 large and 50 small squares. Select your squares in pairs. Each block uses two large and two small squares with good contrast.

Sharpened #2 pencil or mechanical pencil

Borders and finishing will be discussed in class.

Quilt Size: 58" x 58" Block Size: 9" (25 block quilt)

You may wish to make your quilt a different size. Every 6-7/8" strip yields 6 squares (enough for 3 blocks); every 3-7/8" strip yields 10 squares, (enough for five blocks). For a two color quilt (ie, red and white, blue and white), you will need: 25 squares of color and 25 squares of "white" (6-7/8") AND 25 squares of color and 25 squares of "white" (3-7/8").

Four Blocks
