

Waterwheels in Red & Black

Red, black and white is a timeless color combination for quilts. This Waterwheels quilt is an updated version of the Green Waterwheels Quilt from Debby Kratovil's book: ***Paper Piecing Perfect Points***.

Those awesome, sharp points can easily be achieved with paper piecing. Of course, you can make this quilt in any color combination you desire! All patches can be pre-cut ahead of time so you begin sewing right away!

Students will learn:

- Paper piecing with accuracy
- Accurate 1/4" piecing
- Working with curved units

Students should be able to complete several of the 16 units in a 3 hour class and more in a 6 hour class.

Waterwheels in Red & Black

Block/Unit Size: 8"

Quilt Size: 32" x 32"

Workshop taught by Debby Kratovil

Supply List on next page for students to pre-cut their patches, along with a line drawing of several blocks for color planning.

We will discuss assembly and borders in class.

A beginning set of 4 foundations for blocks to make in class, along with master patterns, multi-page handout of clear, illustrated instructions, and full size background templates are also included.

Green Waterwheels Quilt: 54" x 76"
(no pattern given for this)

Planning Sheet

Use this Chart to plan your fabrics and colors for the 16 Block quilt
Block Size: 8"; 16 Block quilt center: 32" x 32"

Fabric Supplies

- 1 yard background fabric (white, light) identified as A in picture above). Recut into 2-1/2" x wof strips and then again into 96 rectangles 2-1/2" x 4-1/2". All A patches are cut from the same fabric.
- 1/2 yard various white and black prints (identified by BG in picture above). A fat quarter (18" x 21") will yield 8 BG units; 1/2 yard of a single print will yield the needed 16. Or for more variety, four 8-1/2" x 21/22" will yield the needed 16 BG patches
- Solid Red for the "spikes": 1/4 yard. Recut this into 24 rectangles 2" x 6". ALSO, 1/8 YARD for the base triangles (a total of 10 squares 4" x 4")
- Black & White prints for the "spikes": 1/4 yard, recut into 24 rectangles 2" x 6". For variety, select various prints for a total of 24 rectangles 2" x 6" mixed.
- Black & White print for base triangles: Ten 4" squares

*****BRING ALL EXTRA FABRICS TO CLASS*****
